

# Memphis May Fire, The Commanded

I felt the ground start to shake.  
Oh God, oh God,  
Everything's up in flames.  
I prayed that it would have ended  
Just as fast, just as fast as it came.

All I could hear was:  
"March on, march on.  
Quick on your feet,  
March on, march on.  
March on, march on.  
Whether you like or not,  
March on, march on!"

Finish what you started.  
Just remember you can't bring them back,  
Just remember you can't bring them back.

Heads will roll, bullets will fly.  
We've all been turned into blood thirsty cannibals.  
Just don't close your eyes!  
Just don't close your eyes,  
Sleep with one open!

Everything's put into perspective  
When you're staring down  
The barrel of a gun.  
I've come to peace with the fact  
That I can't take it back,  
What's done is done!

But the bodies still haunt my dreams,  
Oh, the bodies still haunt my dreams.  
The bodies still haunt my dreams  
And they always will!

March on, march on.  
March on, march on.  
Quick on your feet!

Finish what you started.  
Just remember you can't bring them back,  
Just remember you can't bring them back.  
Finish what you started.  
Just remember you can't bring them back,  
(Just remember)  
Just remember you can't bring them back.

How many of them will be forgotten,  
Laying a part of the ashes?  
No words can describe the guilt,  
But I had no choice!

We were surrounded,  
No words can describe.  
We were surrounded,  
I had no choice.  
Words can't describe  
The guilt that I felt,  
But I had no choice.

Finish what you started.  
Just remember You can't bring them back,  
(Just remember)

Just remember You can't bring them back.  
Finish what you started.  
Just remember You can't bring them back,  
(Just remember)  
Just remember You can't bring them back.

How many of them will be forgotten,  
Laying among of the ashes?
