

Men Without Hats, Living In China

They got the red book, they got the new look
All the little people that are living in China
They got the answers to all the questions
All of the little people that are living in China
The solution is revolution
For all the little people that are living in China
Got ping pong egg foo young
All of the little people that are living in China

What would chairman Mao say
If he knew what They're doing to his wife today
What did China do
She ordered out for submarines instead of Chinese food
China fields of rice
Modern man no longer evil he's a paradise
What did the chairman want
A great big wall they could all watch occidentals on

Chorus

What would chairman Mao say
If he knew wath his people think of him today
Revolution is out of hand
The gang of four trying to make it as a western ban
China, what do you need
You've got everything from your scruffy head to dirty feet
China do you want to dance
You're wearing makeup and listening to Adam And The Ants!

Chorus
