

Men, Women & Children, Monkey Monkee Men

We look just like you
We run just like you, too
Though we are not as quick
Oh-oh-oh-oh

We're catching on
So let us sing along
It's time to swing our sticks

Give me your right hand
But keep your left hand free
Let's run in circles
Yeah, let's make history

If we came from snails
Then let me see your trail
Yeah, when you cross the street

Oh-oh-oh-oh

Now the secrets out
'Cause we all look like trout
And all the cavemen scream, "Wahhh!!"

Give me your right hand,
But keep your left hand free.
Let's run in circles
Yeah, let's make history

Give me your right hand
(yeah, let's make!)
But keep your left hand free
(yeah, let's make!)
Let's run in circles
(yeah, let's make!)
(yeah, let's make!)
Yeah, let's make history

We're monkey monkey men
And we'll eat all your friends
We're monkeys, we're monkeys, we're monkeys

We're monkey monkey men
and we'll eat all your friends
We're monkeys, we're monkeys, we're monkeys

We're monkey monkey men
and we'll eat all your friends
We're monkeys, we're monkeys, we're monkeys

Woah!

Give me your right hand,
But keep your left hand free
Let's run in circles,
Yeah, let's make history

Give me your right hand
(yeah, let's make!)
But keep your left hand free
(yeah, let's make!)
Let's run in circles
(yeah, let's make!)
(yeah, let's make!)

Yeah, let's make history
History, history, history, history
