

Menomena, Wet & Rusting

I made you a present,
You'll never expect it.
And when you unravel,
The secret will travel home.

It's hard to take risks
With a pessimist.

I hope that this shakin',
will help us awaken.
Sep'rated by skin 'till,
we let our selves in, and...

It's hard to take risks,
With a pessimist.
It's hard to take risks.

I hope what will bring me.
This is the closest I'll come to,
I know you'll desert me.
touching you the way I want.

It's hard to take risks.
No one can be able,
With a pessimist.
I'll try to be faithful.

It's hard to take risks.
No one can be able,
With a pessimist.
I'll try to be faithful.

It's hard to take risks.
No one can be able,
This is the closest I'll come to,
With a pessimist.
I'll try to be faithful.
Touching you...
