

# Menswear, Coming Home

I'm a country boy not made for city streets  
I'll wander far from here and maybe I'll find some peace  
Catch a lazy train into the sea  
I will find my way  
I'm a black sheep boy far from his family  
I need to catch a view instead of these terraced streets  
Catch a bus today right out of here  
I will find my way  
I'm coming home your country boy is coming home  
I'm a sunshine boy chasing your clouds away  
Catching the tears you shed and stealing your rainy days  
Fly a plane away into the sky  
I will find my way  
I'm coming home your country boy  
I'm coming home your country boy is coming home
