

Menswear, Ghosttrack

they read my mind
i waited so patiently
far than too long
and life's been
dancing in light
and nobody knows
who i am
or where i have been
blink- and it's gone
i'm losing my grip on my breath
when i'm trying to sneak
into their arms
am i a boy?
or am i just one sempred need?
foo fighters flow
i read a book a bout
places that i've never seen
wanting too much
you might be surprised
if that's what you got
You can't blow
blink- and it's gone
i'm losing my grip on my breath
when i'm trying to sneak
into their arms
am i a boy?
or am i just one sempred need?
blink- and it's gone
i'm losing my grip on my breath
when i'm trying to sneak
into their arms
am i a boy?
or am i just one sempred need?

Well, this was my translation. But a really nice guy named Gary send me his. I think his is better than

they read my mind
i waited so patiently
for them to come at light speed
dancing in light
and nobody knows who i am
or where i have been
blink-and it's gone
i'm losing my grip on my breath
when i'm trying to sleep.
into their arms,
am i a boy
or am i just bones and red meat
foo fighters flow
i read a book about places that
i've never seen
wanting too much
you might be surprised
if that want you get, you can't leave
blink-and it's gone
