

Mentallo & The Fixer, Coward (Submerged)

Used...
Used...
Used... Confused... I'd rather be abused
Just maybe... one day..
Maybe... there will be the slight... possibility
On a dim dark night
Believing... intimacy...
May reach...beneath
But it always seems... to pass me by...
Life... decays...
...and it's killing me
and God only knows
I'm so, easily forgotten
Going out of control
Soulless
Distressed
Just one more day... closer to death
Used... Confused...I'd rather be abused
Used... Confused...I'd rather be abused
Life has dealt me a cruel hand ... let it continue
But then I think...contemplate
I've got it better than most people do
So I deal with it
I'm so confused
and it's killing me
and God only knows
I'm so easily... forgotten
and god only knows...
How easily... I'm.... forgotten
