chorus

(verse 2-mercedes-singing)

who took care of the situation when you got caught by the feds

and i was waiting on your very phone call

lying alone in your bed

my people tell me your not worth it

but it's so hard to explain

and just the thought of u on top

makes my nature hot

i dont want no other man

(peaches-rapping)
who kept that night fresh fight
the best for ya
who counted all the figures for ya
continued the buisness for ya
who ran away them niggaz for ya
it was me that paid the bail for ya
collected all the mail for ya
who do you trust with your life
who can't wait to be your wife
that is i ms. peaches
the one you loving at night
i'd be the first girl to fight about ya
so please never leave
cause i can't breath without ya

chorus

(bridge-mercedes)
i'm going crazy
about my baby
no one can ever
take your place
with all the memories that we share
nothing else can compare
so i'm hiding my pride
what i'm feeling inside
i know that i can't hideeeeeeeeeeeeeeeee!!!!

chorus (until fade)
