

Mercedes, The Only One For Me

(verse one A-Lexxus singing)

See it all happened about a year ago
We made a promise not to let it go this far
But it seems I couldn't help myself because of all the things in the past
that I felt for you
Never let you know what's goin' on
Cuz I never really led you on this way
Now I'm comin' to you honestly so tell me how you feel bout me cuz

(hook performed by Mercedes)

Boy you are the only one
You're the only one for me
Finest thing I've ever seen
Stay with me
Boy you are the only one
You're the only one for me
Finest thing I've ever seen
Don't you ever leave

(verse 2 Mercedes)

Now that you know I had a thing for you
I'm wonderin' if you feel the same way that I do
These feelings that I hold within my heart
stay friends for life and I hope that we never part
Out in the open how I feel for you
To ease my mind is what I had to do
Keepin' it true baby I'm tellin' you
Show you how you make me feel cuz

chorus (this time performed by A-Lexxus)
