

Mercury 4, Miss Sophisticated

I've been meaning to tell you
Something that's on my mind
I've been watching over you baby
And I think now's the time
A fast-talking mouth can only get you
Only get you so far
What goes down all comes around
Baby I think you're a star

Is it all right
Is it something you'd like
Is it all right
Is it something you'd fight

Chorus:
I got one thing in my sight
I'm in two minds, can't decide
I won't let go, make a wish three times
She's Miss Sophisticated

You want respect for what you think
You don't expect not to give
You're Miss Sophisticated

Anybody can see you
For the clothes you wear so well
Your long brown hair shining in the sun
I admit I'm under your spell
I'm beginning to 'preciate that
It's only a matter of time
I've been hooked by your sexy look
Baby you better be mine

Is it all right
Is it something you'd like
Is it all right
Is it something you'd fight

(Repeat chorus)

Miss Sophisticated
Feeling underrated
Never complicated
She is such a lady
She is so divine
Leave you feeling high
She just wants you to be happy
She don't waste your time telling lies
She don't twist your mind
She's one of a kind
