Mercury 4, Take It Back

Last nite we had an argument i said a few things that i never really ment sick of you buggin' me stop trying to mother me and i think i said your ass was getting big

im sorry i offended you so you can blame my stupid moputh 'cos i do you are sensational clever and beautiful and your ass is looking mighty fine too

i never ment to make you cry you should appreciate the reasons why i gotta talk straight ans speak my mind i get myself in trouble every single time

CHORUS

now i wish that i could take it back and travel to a place where i didnt say that rewind the conversation we just had i wish that i could take it all back and i wish that i could let it foll by so i keep my mouth shut insted of making you cry rewind the conversation we just had how i wish that i could take it all back

i hardly ever mean the things i say but you stressed me only yesterday quit telling me what to do 'cos there ain't no reason to tell your mama just to mind her own biz

i'm sorry if i did offend baby you can blame my stupid mouth again 'cos girl it's for definite i love your intelligence i'll even learn to love your mama too

i never ment to make you cry you should appreciate the reasons why i gotta talk straight ans speak my mind i get myself in trouble every single time

(REPEAT CHORUS)
