

Mercury Rev, Are You Ready?

Are You Ready?
Are You Ready?
Are You Ready now?

Are You Ready?
Are You Ready now?

Are You Ready?
Are You Ready now?

Only in a dream will you see her
Flowers in hair and ... coat
You try to follow her but
On... she goes
She enters her mouths with a whispers
Says you to you hopeless ears
I want dance to the last ...
You can dance to the pretty things

...
She is lost in a jukebox clock
In a trans she makes her selector
Psychedelic rock in blue white soul
Only in a dream will you hear her
Like a song in a radio
And everything around you turns round
Shine till the ... book
And then just for a moment
You're lost in a jukebox
Hypnotize you to make a selections
Psychedelic rock in blue white soul

And all seem so crystal clear to me now
On the crystal ... inside me head
She said:

Are You Ready?
Are You Ready now?
