

Mercury Rev, Sweet Oddyssee Of A Cancer Cell T

{this one is very tricky to make out, so most of these lyrics are probably wrong.}

onto the ice flow
where all the [?] [?]
where heaven put the seeds

here on the ice flow
a tresure dust of grass
my drove them engines
for [?]

onto the ice flow
where the wind starts to move
and the earth will have a flood

here on the ice flow
where skulls go as long
girls never sleep
girls will die

and skin is froze body
