

# Mercury Rev, You're my queen

Siren with a song in your eye  
Slashing through my ear like a beast  
Seven times I leapt upon your shore  
Every night I let you conquer me  
You're my Queen, You're my Queen  
You're my Queen, You're my Queen  
Serpent with your blue planet eyes  
Passing like a ship through my sleep  
Seven times I kissed you on the mouth  
Every night I let You conquer me  
You're my Queen, You're my Queen  
You're my Queen, You're my Queen
