

# Mercy Drive, Follow

Why the hell can't I say?

"Will you just go away?"

I guess it takes some time

To get this off my mind

I need some time alone

Some time to call my own

It's fucked up, how I'm locked up

With you I can't go on

How do I get out?

Cause I hate the way you follow

If they say you would swallow

And I can't stand to be around you

Friends say better things

Better things will come my way

And I've got one shot

To give it all I've got

I've got to find a way

Cause I hate the way you follow

If they say you would swallow

And I can't stand to be around you

You think you know it all

You know nothing at all

You're nothing No nothing I don't wanna be a nothing.

You're Nothing, No nothing I don't wanna be a nothing like you

I hate the way you follow

If they say you would swallow

And I can't stand to be around you
