

Mercy Fall, In Doubt

Beautifully it started out
Wasted worry on tomorrow
Beauty, fully was in doubt
Taking over

Change forever
When will I find life?

(Chorus)
When there's nothing left to say
And words don't hold the answers
Just to give it all away/As I breathe

Anxiously it wanted out
Bound by this, it always needed
Freedom served to keep him down
Freedom always was the reason

Learn the program
Make the model
Change forever
When will I find life?
