

# Mercy Fall, Insurmountable

I feel used  
I confess  
Got my manhood  
and yet  
Out of place  
Overdressed  
Smoke alarm  
Cigarettes

And when it brings you down  
You'll learn to taste it

(Chorus)  
Yeah  
All worn out now nothing to prove  
Yeah  
Breathe in, breathe out, breakthrough

Look at me  
Look at this  
Nothing new  
Nothing is

Its gonna bring you down
