

# MercyMe, Beautiful

From the top of the world I will sing  
Of the joy that flows from my glorious King  
And in my heart  
Oh I can see  
Your loving arms coming down to me

From the top of the world I will sing  
Of the joy that flows from my glorious King  
And in my heart  
Oh I can see  
Your loving arms coming down to me

And by Your blood that washed over me  
By Your grace that came down to kiss me  
You have cleaned my heart and my soul  
For Your glory You made me  
Made me beautiful

From the top of the world I will sing  
Of the joy that flows from my glorious King  
And in my heart  
Oh I can see  
Your loving arms coming down to me

And by Your blood that washed over me  
By Your grace that came down to kiss me  
You have cleaned my heart and my soul  
For Your glory You made me  
Made me beautiful

Giver of grace, filler of souls, anointed One
