

# MercyMe, Bless Me Indeed (Jabez's Song)

My Jesus, I need You now  
May Your grace look my way  
To hear You sing over me  
Make Your desires and mine the same  
Bless me indeed  
Open wide my horizons to share Your name  
Bless me indeed  
Let Your hand keep me from harm and pain  
Bless me, Bless me  
Lord I cling to Your heart  
Your love is what I need  
All great things come from You  
May Your greatness fall on me  
Bless me indeed  
Open wide my horizons to share Your name  
Bless me indeed  
Let Your hand keep me from harm and pain  
Bless me, Bless me  
The Lord bless and keep you  
May His face shine upon you  
And be gracious and give you peace  
Bless me indeed  
Open wide my horizons to share Your name  
Bless me indeed  
Let Your hand keep me from harm and pain  
Bless me  
Bless me  
Bless me  
Bless me  
Bless me  
Bless me  
Bless me.....
