

# MercyMe, Mighty, Mighty Wind

I lift my hands to feel the breeze  
A holy presence all over me  
Jesus bring your mighty wind  
And breathe life into us again  
And set your people free

I lift my hands to feel the rain  
A holy shower to wash me clean  
Jesus let your sweet rain pour  
And wash away our burdens Lord  
And set your people free

Let Your mighty mighty wind blow over me  
Let your sweet rain wash me clean  
Rekindle the fire deep down in my soul Oh Lord  
Mighty mighty wind blow over me

Mighty wind enter in  
Mighty wind enter in
