

Meredith Brooks, Perfect View

Sitting in your car, it's the edge of the night
You stare at the moon, then the music starts
The radio plays a song, for broken hearts
Your eyes turn a deep shade of blue
You can try but you can't hide the truth
I'm on the outside looking right into you
Chorus:
You turn to me baby, and I say that it's alright
It's a perfect view, and they say...

Standing next to you
Na Na Na Na Na Na
Na Na Na Na Na Na
It's a perfect view
Na Na Na Na Na Na
Na Na Na Na Na Na
Looking straight through you
It's a perfect view
I want to walk away, but I just can't go

'Cause I've got this fear, can't let it show

Who you are, it's something I cannot change
I'm a man alone don't get too near
Are those the words you mean for me to hear?
I realize that we both are the same

I'm on the outside looking right into you
It's a perfect view, and they say...
Chorus

You turn to me baby, and I say it's all right
Sitting in your car, it's the edge of the night
And make a world where nothing has to end, and they say...
Just for tonight, can't we pretend

Chorus
