

# Meredith Edwards, Reach

I know sometimes this world's so unkind  
And it's hard to find one true friend  
When all of your dreams are scattered like leaves in the wind  
But trust me, don't ever doubt  
I promise I won't let you down, just

Reach, reach, reach out to me  
And I'll be there  
All that you've got to do is  
Reach, reach, reach out your hand  
I won't let you go  
This love's ready to begin  
The answer is just within your reach

I feel that I've known you long enough now  
And I don't need to play childish games  
So I say these words to you believin' they won't be in vain  
And someday we'll look back and laugh at all this wasted time, baby

Reach, reach, reach out to me  
And I'll be there  
All that you've got to do is  
Reach, reach, reach out your hand  
I won't let go  
This love is ready to begin  
The answer is just within your reach

And you'll never wonder what you mean to me  
This flame will always live on  
And know every moment forever you'll be  
The only one I'll ever want

Just reach, reach, reach out to me  
And I'll be there  
All that you've got to do is  
Reach, reach, reach out your hand  
I won't let go  
This love's ready to begin  
The answer is just within your reach

This love's ready to begin  
The answer is just within your reach
