

Merle Haggard, Hello Mr. D.J

Hello Mr. D.J. wont you play a song for me'
The girl I love just said good-by and I'm blue as I can be
Oh please Mr. D.J. play that song I heard you play
And send it out to someone who broke my heart today

You won't have to call her name she'll know it's meant for her
Play me that song of sadness and I'll be grateful to you sir
Oh please Mr. D.J. play that song I heard you play
And send it out to someone who broke my heart today

(Guitar)

You won't have to call her name she'll know it's meant for her
Play me that song of sadness and I'll be grateful to you sir
Oh please Mr. D.J. play that song I heard you play
And send it out to someone who broke my heart today
