

# Merle Haggard, I'm Always On A Mountain When

Most of my life I've almost been a winner  
I've come so close but never really won  
Just when I thought I finally made it  
I found myself back where I started from  
I hate to say I'm giving up but I believe  
Losin's just become a way of life for me  
Losin' wouldn't be so bad at all  
But I'm always on a mountain when I fall

Then you came along and had me had me believing  
For once in my life my luck had finally changed  
And now you say you're gonna leave me  
Seems everything I do winds up the same  
I hate to say I'm giving up...  
Losin' wouldn't be so bad at all  
But I'm always on a mountain when I fall
