Hold me and love me and tell me that you decided to stay  
At least put it all till tomorrow and keep me from cryin' today  
Help me make ready with the heartache that's soon will be coming my way  
Consider how little I'm asking of you and keep me from cryin' today  
Keep me from cryin' today help me forget in your own special way  
Let's save our goodbyes for tomorrow and keep me from cryin' today  
Let's save our goodbyes for tomorrow and keep me from cryin' today
