

Merle Haggard, Love Somebody To Death

I ain't never robbed or beat up on nobody I ain't never failed no lie detector test
But tomorrow I'm gonna be the town's most wanted man
But tonight I'm gonna love somebody to death

I'm gonna shave shower shine my shoes and shampoo
Break out my pinstriped suit with the matching vest
Climb in my four hundred horse widetrack rollin' apartment van
Tonight I'm gonna lay some heart to rest
Tomorrow my face will be all over the post office wall
The town will put a price upon my head
I'm gonna be some happy lady's most wanted man
Cause tonight I'm gonna love somebody to death

Gonna grab her kiss her squeeze her please her and show her no mercy
Premeditated lovin' at its best
It'll take seven days to get the smile off the corpus deligtee
Yeah tonight I'm gonna love somebody to death

[ac.guitar]
