THAT MAKES TWO OF US

WITH BONNIE OWENS

Far to sense you'd up and leave that's what you say  
Don't you know that the road can run both ways  
Well I'm so sure before each other we're all wrong  
And I'm tired of always trying to get along  
Well that makes two of us you're not the only one  
Like you I've had enough the end has now began  
I guess I'm just as tired of you as you say you are of me  
And that makes two of us we both want to be free  
I'm all through with trying to make the gold of us  
And I've given up on giving in so much  
As far as I'm concerned it's over but to pack  
I could walk away and never once look back  
Well that makes two of us...  
And that makes two of us we both want to be free
