

# Merle Haggard, This Cold War With You

The sun goes down  
And leaves me sad and blue  
The iron curtain falls  
On this cold war with you  
Tho' you don't speak  
And I won't speak it's true  
Two stubborn people  
With a cold war to go through  
Why, oh, why should love ever come  
To couples, like you and me  
Whose cold, cold wars are never done  
And whose hearts just can't be free  
So let's make up  
Or let's just say we're through  
I just can't stand another  
Cold, cold war with you  
Why, oh, why should love ever come  
To couples, like you and me  
Whose cold, cold wars are never done  
And whose hearts just can't be free  
So let's make up  
Or let's just say we're through  
I just can't stand another  
Cold, cold war with you  
I just can't stand another  
Cold, cold war with you
