

# Merle Haggard, Too Used To Being With You

TOO USED TO BEING WITH YOU  
WITH BONNIE OWENS  
(Jack Rhodes - Don Carter)  
'64 Central Songs, BMI

Too used to that certain someone to offer my love to anyone new  
My excuse for not wanting no one too used to being with you  
Some other's arms may hold and caress you  
Some other's lips may burn on my own  
That's why your eyes are filled with their beauty  
My heart inside will be crying alone  
Too used to that certain someone...  
When you find a true love you treasure  
Other offers are just the past time  
You'll find their love just a cheap imitation  
The love they offer's not real genuine  
Too used to that certain someone...  
Too used to being with you
