

Merle Haggard, Travelin'

I know we know I won't be here for long
A travelin' man will do what he can till he hears that travelin' song

Born in a little town I left home around bout the age of nine
Been everywhere a time or two doin' what I wanna do leavin' little girls behind
I know we know...

[guitar - fiddle]

If you see me twice take my advice and don't play me no tune
When I hear my song it won't be long I'll be leavin' soon
I know we know...

As I travel along I sing my songs I'm happy as can be
I'm free as a bird you can take my word travelin's a life for me
I know we know...
I know we know...
