Merle Haggard, Travelin'

I know we know I won't be here for long A travelin' man will do what he can till he hears that travelin' song

Born in a little town I left home around bout the age of nine Been everywhere a time or two doin' what I wanna do leavin' little girls behind I know we know... [guitar - fiddle] If you see me twice take my advice and don't play me no tune When I hear my song it won't be long I'll be leavin' soon I know we know...

As I travel along I sing my songs I'm happy as can be I'm free as a bird you can take my word travelin's a life for me I know we know... I know we know...
