

Merle Haggard, Twinkle, Twinkle Lucky Star

Twinkle, twinkle lucky star
Can you send me luck from where you are
Can you make a rainbow shine that far
Twinkle, twinkle lucky star.
Can you really make a wish come true
And do you shine on just a chosen few
Is it over, have I gone to far
Twinkle, twinkle lucky star

-

Like two ships on the ocean, we drifted apart
And you found an island at sea
I'm still adrift with this pain in my heart
Won't you send her sweet love back to me
Twinkle, twinkle lucky star
Twinkle, twinkle lucky star
Can you send me luck from where you are
Can you make a rainbow shine that far
Twinkle, twinkle lucky star.
