

# Merle Haggard, Walk On The Outside

I've been in here so long I forgot what I did wrong  
Just a kid when they put me here inside  
I don't have long to live and Lord what I would give  
Mhm just to walk on the outside  
Phones weren't even in, when they put me in this pin  
And dad told me..he-he..planes would never fly  
There's a lot I've never seen except here on this scene  
Lord give me a walk on the outside

Now Lord I'm not complainin' but I've walked at least a million miles behind these walls  
I'd just like to see what's on this other side...that's all  
There's a lot I've never seen...  
There's a lot I've never seen...
