

# Mero, It Must Be Love

You come around  
I can't fake it  
You've won the better part of me  
You turn around  
I can't take it  
You've shown me the worlds I've never seen

Every moment  
Every day that passes by  
It's no wonder  
You elevate me to a place I can't describe baby

It must be love  
It must be you  
It must be everything I wish for  
It must be us  
It must be true  
Baby everything I do  
Is for you  
It must be love

You say the words  
unspoken  
Somehow you hold the remedies  
You read my thoughts  
You know my motions  
Without a doubt you fill that vacancy

Every moment  
Every dream that passes by  
It's no wonder  
We're still together  
After all this time baby

CHORUS  
It must be love etc.etc.

I don't know what I'm feeling  
But I know it feels so right  
Everything I'm revealing  
Baby you know it's for you  
It must be love

CHORUS  
to fade.
