

# Merril Bainbridge, Spinning

My sentiment will bore you senseless I know  
But I've got to tell you something  
I want to be a satellite to your world  
Spinning in the universe  
When all the pleasures in heaven are yours  
You can take what you want from me  
You got me spinning around you  
You got me spinning around you  
Look at me I'm a bony bit of skinny confidence  
But that might be my photograph  
From the top of the highest peak you can watch me  
Spinning in the universe  
When all the pleasures in heaven are yours

You can take what you want from me  
My sentiment still bores you senseless I know  
But I've got to show you something I found  
Here's a photo of an astronaut  
And there's you and me spinning in the background  
Ten million ways I've tried to get into heaven  
But they always chase me out again  
God says I'm wasting my time  
And he know I haven't got a lot of time  
When all the pleasures in heaven are yours  
You can take what you want from me
