

# Mesh, Open Up The Ground

(Let's open up the ground and disappear)

I can't see how we came together  
And I can't see how we're blown apart  
I still know how to make you happy  
I just don't know why I break your heart

I can't say we're all right  
It's just some days we can't fight  
I need you here  
Let's open up the ground and disappear

Do we run if the road goes nowhere?  
Do we push if there's no way out?  
Should we break if our minds are lifeless?  
Do we care how it all turns out?

I can't say we're all right  
It's just some days we can't fight  
I need you here  
Let's open up the ground and disappear

I can't say we're wiped out  
There's just no time to find out  
I need you here  
Let's open up the ground and disappear

We can't stop now  
We don't know how any more  
It's all or nothing, and now's the time  
There's too much that's yours and mine  
Yours and mine  
Yours and mine  
Yours and mine

I can't say we're all right  
It's just some days we can't fight  
I need you here  
Let's open up the ground and disappear

I can't say we're wiped out  
There's just no time to find out  
I need you here  
Let's open up the ground and disappear

(We can't stop now) I can't say  
(We don't know how) We're all right  
(Any more) It's just some days we can't fight  
(It's all or nothing, and now's the time) I need you here  
(There's too much that's yours and mine) Let's open up the ground and disappear

(We can't stop now) I can't say  
(We don't know how) We're wiped out  
(Any more) There's just no time to find out  
(It's all or nothing, and now's the time) I need you here  
(There's too much that's yours and mine) Let's open up the ground and disappear

We can't stop now  
We don't know how any more  
It's all or nothing, and now's the time  
There's too much that's yours and mine
