

Mest, Cadillac

VERSE:

It's Friday night
What's going on tonight
I'll see her later on tonight
But now it's time to roll
This somber state is getting old
Well I never do what I am told
So now we're gonna roll
And now we're gonna roll

CHORUS:

With the top down seat back rollin' in my Cadillac
With the top down seat back rollin' in my Cadillac

VERSE:

We order another round
My girl's nowhere to be found
I hope she gets here soon before I'm fallin' down
Cause now I'm all torn up
I feel like I might throw up
Then I get word my girl's showin' up
So now I'm gonna roll
And now I'm gonna roll

CHORUS:

With the top down seat back rollin' in my Cadillac
With the top down seat back rollin' in my Cadillac
Rollin'
With the top down seat back rollin' in my Cadillac
Self control knowing right from wrong is what I lack
Top down seat back
Rollin' in my Cadillac

BREAK:

Top down seat back wi wi wi wi with the
Top down seat back wi wi wi wi with the
Top down seat back top down seat back top down seat back
Rollin' in my Cadillac
Rollin' in my Cadillac
Top down seat back wi wi wi wi with the
Top down seat back seat back seat back
With the top down seat back wi wi wi wi with the
Top down seat back top down seat back

CHORUS:
