

# Mest, R Ska Song

well i went to your house and i knocked at the door  
parents tell me to get down on the floor  
i got nothing better to do so i say hey  
fuck you

and i really hate your mother  
i really hate your father  
they're always picking on me

i went to the record store  
i had no money  
i lost it all on a bet  
i don't think that it's too funny  
now i can't buy minor threat

and i really hate your mother  
i really hate your father  
they're always picking on me

i stay stay stay far away  
maybe i'll be back another day  
parents tell me to get a job  
and i really don't care what they say

and i really hate your mother  
i really hate your father  
they're always picking on me

went to the record store  
i had the money  
i lost it all on a bet

well i don't think that it's too funny  
now i can't buy minor threat

and i really hate your mother  
i really hate your mother  
i really hey hey hey hey hey  
on me  
on me  
on me  
on me hey hey  
let's go
