

Mest, You Don't Mean Anything

maybe, I'm just not good enough for you
and maybe, I just don't wanna be like you
and maybe, I just don't wanna know,
how low your willing to go
I'm not gonna change, you can't make me! woah

Chorus:

ya dont ya dont ya dont ya dont
ya dont mean anything to me
ya dont ya dont ya dont ya dont
ya dont mean anything to me
your what i never wanna be
tell me, does it feel good to be like you?
and tell me, why should i waste my time with you?
cause maybe you always bring me down
and I'm sick of being pushed around.
I'm not gonna change, you can't make me! woah

Chorus

i know you think you know me
you dont know anything
i know you wanna help me
i dont need anything
dont tell me where to go
I dont need you to know
ya dont ya dont ya dont ya dont
ya dont mean anything to me (x4)
your what i never wanna be
you dont mean anything to me
your what i never wanna be!
