

# Metal Church, They Signed In Blood

[D. Wayne / K. Vanderhoof]

We will not follow Rome  
The twisting of our faith  
With the hand of God  
You wrote the new light  
The queen has decreed  
You must believe like me  
So it is written so it shall be  
So it shall be

So the list was captured  
And it's time for us to die  
Following their orders  
To enforce the lie  
Village by village  
Township by town  
Hung drawn and quartered  
Some where slowly drowned

They signed in blood  
Proclaimed their faith  
They signed in blood  
And sealed their fate

Cause if your gonna die, die for what you believe in  
There' s more to this world than meets the eye

The riders are coming the hoofbeats are thumping  
The spectre of death leads the way  
The queen has decreed the spiritual seed  
Will be crushed out this day  
And those who have signed be killed by the blind  
The soldiers who'll slay  
Thge names are above still written in blood  
Are there to this day
