

# Metallica, Crying Of The Dead

i hear these sounds in the day light.never heard them before in my life.i bureid the grave of the dea  
the dead...the dead is comin out.the dead ....the dead is eateing me alive.save me master ....save  
from the dead...from the dead...  
the dead's eaten me alive.i'm ready to go to the grave.but the grave is not accepting me.neither can

i can't bear the crying of the dead...  
but its ringing on my door...so i'm ready to die..  
and cry like the dead.
