

Metro Station, Moving Along

You know we're moving along x4
I wish I could have told you
all the things i wanted to say
In sheets, I kept real quiet
Emotions are useless
That's what I say
I remember
When you rode down on the metro just to tell me
Love is real (love is real)
but that's not how I feel
You get close, I'll keep my distance
I never thought I would miss this
I think somethings going wrong
You can feel it in this song
You get close, I'll keep my distance
I never thought I would miss this
I think somethings going wrong
You can feel it in this song
You know we're moving along
x2
I never felt more like dieing
when you left, I felt so empty
My body aches, I'm so damn cold
Still can feel you inside of me
Now I feel like nothings working
This pain is growing
Now I'm asking
Was it real? (was it real)
I can't stop what I feel
You get close, I'll keep my distance
I never thought I would miss this
I think somethings going wrong
You can feel it in this song
You get close, I'll keep my distance
I never thought I would miss this
I think somethings going wrong
You can feel it in this song
You know we're moving along x2
