

Metro Station, Now That We're Done

Everybody get down.

She's just a friend, you see
You always agree
You know I lie but you still trust me
And you believed with so much hope
But i'm the one who let you go

Now that we're done
I'm so sorry
Why did I lie I'm so sorry
I know I hurt you
I know I hurt you (x2)

Woah oh oh oh
Everybody get down.

You still call my phone
Cause you still want me
I'll tell my friends you're so annoying
You'll cry and curse when you're alone
But laugh and flirt when we're on the phone

Now that we're done
I'm so sorry
Why did I lie I'm so sorry
I know I hurt you
I know I hurt you (x4)

Now I see you with him
It was nothing like I thought it'd be(x2)
(And I'll break down)
Now I see you with him
It was nothing like I thought it'd be
(And I'll break down)
Now I see you with him
It was nothing like I thought it'd be

Now that we're done
i'm so sorry
Why did I lie I'm so sorry
I know I hurt you
I know I hurt you (x3)
