

Metronomy, A Thing For Me

I told you how long we've got
All the time in the world
I've got a thing for you
You've got a thing for me
I've got my mind made up
You've got my heart you know
You've got a thing for me
You've got a thing for me
I told you how long we've got
All the time in the world
I've got a thing for you
You've got a thing for me
I've got my mind made up
You've got my heart you know
You've got a thing for me
You've got a thing for me....
She's gonna leave at 3
That's what her friend told me
Now i can't bear to check the time
Tonight she'll take my heart home with her
But i'm not ready to let it go now,
Oh how, long have we got?
I told you how long we've got
All the time in the world
I've got a thing for you
You've got a thing for me
I've got my mind made up
You've got my heart you know
You've got a thing for me
You've got a thing for me
For me
And now it looks to me, like she's about to leave
But as she passes she leans close and says
My boy you got to keep that chin up, i'm gonna come back here next week for now
Just take my telephone number, just remember what i told you
I told you how long we've got
All the time in the world
I've got a thing for you,
You'e got a thing for me
I've got my mind made up
You've got my heart you know
You've got a thing for me
