

# Mia, Amazon

I was missin' in action  
On the side of a carton  
I was taken in a Datsun  
From a street in Acton [x2]  
I was sipping on a Rubicon  
Thinking 'bout where I come  
Its all this for revolution  
Cuttin' up the coupon  
Saving for a telephone  
Can I call home  
Please, can I go home [x2]  
Painted nails, sunsets on horizons  
Palm trees silhouette smells amazing  
Blindfolds under home made lanterns  
Somewhere in the Amazon  
They're holding me ransom [x2]  
Hello! This is M.I.A.  
Could you please come get me [x4]  
Smoking on a Benson  
Tryin' to get me undone  
Let me go  
I don't want your attention  
Under submission  
Out of frustration I'll do it  
I'll scream for the nation [x2]  
Painted nails, sunsets on horizons  
Palm trees silhouette smells amazing  
Blindfolds under home made lanterns  
Somewhere in the Amazon  
They're holding me ransom [x2]  
Hello! This is M.I.A.  
Could you please come get me [x4]  
Minutes turned to hours  
And became our dates  
When we shared raindrops  
That turned into lakes  
Bodies started merging  
And the lines got grey  
Now I'm looking at him thinking  
Maybe he's okay [x2]  
Hello! This is M.I.A.  
It's okay you forgot me [x8]
