

# Mia Doi Todd, Casa Nova

I can fall in love again.  
I can feel the curse you cast is over.  
No more no more Casanova.  
Hip hip hurray, oh hallelujah.

I haven't changed much in these ten years.  
I hit my head up against the wall  
Of my same ol' fears, my same ol' fears,  
My same ol' tears. I'm breaking mirrors.

I know myself again.  
I remember what is good about me  
If I let it out of hiding,

My enemy, proven to keep me down  
Love as a memory of kindness  
And cruelty and cruelty  
And honesty and true beauty.

I can fall in love again.  
I can feel the curse I cast is over.  
No more no more Casanova.  
Hip hip hurray, oh Supernova,  
Supernova, Supernova, Four-Leaf Clover.
