

# Mia Rodriguez, Billion Dollar Bitch (feat. Yung Ba

I'm a million dollar baby and a billion dollar bitch  
Sophisticated lady but my love is filthy rich  
I'm never ever guilty but I sure know how to sin  
I'm a billion dollar bitch, a billion, a billion

Boy I'm not a penny on the street  
But your luck is pretty great if you're with me  
Nothing but my attitude is cheap  
Except the honest  
That shits always free

aha

Thinking I look great on you  
Yeah of course I do

I'm a million dollar baby and a billion dollar bitch  
Sophisticated lady but my love is filthy rich  
I'm never ever guilty but I sure know how to sin  
I'm a billion dollar bitch, a billion, a billion

Boy I'll never need a diamond ring,  
'Cause my personality's already sparkling  
You'll be thinking 'bout eternity  
Always on your knees  
Saying pretty please

aha

Thinking I look great on you  
Yeah of course I do

I'm a million dollar baby and a billion dollar bitch  
Sophisticated lady but my love is filthy rich  
I'm never ever guilty but I sure know how to sin  
I'm a billion dollar bitch, a billion, a billion

A billion here a billion there  
Pretty brown skin with long hair  
Coco on my derriere Chanel  
I'm in the director's chair, I go for the biggest budget  
Imma let him look, but know he could never touch it  
Imma have to change my name to Billion Dollar Baby Tate  
'Cause my money ain't young no more I got the double  
AARP old bread,  
He ain't my sugar daddy he is just an old head  
oh yeah!  
I want a million, billion, trillion  
I can fit on any track, I'm like a chameleon  
Once that Karma come back that's how you know I'm really done  
I'm a smart rich bitch and you're just a silly bum u

I'm a million dollar baby and a billion dollar bitch  
Sophisticated lady but my love is filthy rich  
I'm never ever guilty but I sure know how to sin  
I'm a billion dollar bitch, a billion, a billion

I'm a billion dollar bitch a billion, a billion  
billion dollar bitch a billion, a billion  
I'm a billion dollar bitch a billion, a billion)  
billion dollar bitch a billion, a billion

You know that I'm

Worth more than life  
Raise up your price  
Baby  
I'm a billion dollar bitch, bitch
