

# Mia Rose, Husband to be

So I dream  
about you now again  
So I wanna kiss your lips  
This hope keeps me, hanging on  
To surreal truth  
This is how I  
I know that I'm not a part your dreams  
But Time makes me see that it's easy for me  
To pray for the truth and hope to achieve  
Love that I hope to find  
in you  
Yeah!  
So I've been waiting for my time  
To come alone  
I've been praying  
for the chance to say  
I meant for you  
Yeah.  
This is how I  
I know that I'm not a part your dreams  
But Time makes me see that it's easy for me  
To pray for the truth and hope to achieve  
Love that I hope to find  
in you  
I know that I'm not a part your dreams  
But Time makes me see that it's easy for me  
To pray for the truth and hope to achieve  
Love that I hope to find  
in you!!!  
So, I know that I'm not a part your dreams  
But Time makes me see that it's easy for me  
To pray for the truth and hope to achieve  
Love that I hope to find  
in you!!!
