

Michael Ball, All For Nothing

(Chris Eaton)

Time was I had a vision of love
One would cling to my heart and soul
One who never let go
I knew right from the moment I met you
You were the sun who would shine down on me
And fulfill every dream
And I can't believe it
How we let it drift away
Was it all for nothing
Has our love reached the end
Tell me have I done all that
If it's all for nothing
Then why is it true
I would do it all once more for you
I will always remember the good times
Never look back to an innocence lost,
Left us counting the cost
So one night you will listen
You will hear my heart will cry
Was it all for nothing
Will someone up above tell me
What I have been guilty of
If it's all for nothing
Then why is it true
I would do it all again for you
And love like ours will surely never die
Was it all for nothing
I finally give in
But I still want you back again
If it's all for nothing then why is it true
Then why is it true
When you know it's true
I would do it all once more for you
