

# Michael Ball, From Here To Eternity

(Brian Spence)

I am yours without a doubt, without a doubt you're mine

We have optimistic love in pessimistic times

So kiss me, say goodbye to me

Be sure you don't cry for me

I'll see you at the end

When our roads meet again

Chorus:

From here to eternity

You'll be with me, You'll be with me

From Here to eternity

You'll be with me, You'll be with me

You are my blood, I am your blood

You're my staunchest friend

We've had our quarrels and our squabbles

And fall in love again

So I must leave you here tonight

Follow me when the time is right

Time is not my friend

Till we meet again

Chorus

So kiss me, say goodbye to me

Be sure you don't cry for me

I'll see you at the end

When our roads meet again

Chorus (repeat)
